Old Business

- The Local Partnership Committee discussed establishing a local policy on smokeless tobacco for the 178th Fighter Wing. It was suggested to have the State work the issue. However, after discussion, all members in attendance agreed to resolve the issue locally. Unless there are any issues, there is no need for a written policy.(closed)
- Labor and Management discussed whether “civilian equivalent” in the AFI 21-101 refers to civil service employees or only contracted workers. This is a local issue, but can not be resolved locally as Labor and Management were unable to come to an agreement. A consensus from the committee was obtained to up-channel this issue to the state level. (open)
