4. Parking Lot Items The council addressed the various outstanding items that remain incomplete since the 2007 Symposium. Each item and associated action plan is as follows: <ul style="list-style-type: none"><li>• Update and Publish Interviewing Guide. The interviewing guide is still being drafted. HRO will provide the completed draft to the JPEC during the next meeting.</li><li>• Train and Assign LPC and PEC Facilitators. Facilitator training is progressing. All facilitators are either trained or imminently scheduled for training.</li></ul>	Discussion	Open
5. Communication Strategy Members reviewed E.O. 13522, Creating Labor-Management Forums to Improve Delivery of Government Services. One initiative coming forth from the E.O. is the creation of an oversight council at the Department of Defense level that could resolve issues from lower-level forums. Creation and use of such a forum could be counter-productive to the initiatives of our partnership. No other issues on the topic were raised.	Discussion	Open
